Curriculum Vitae, Mr Harrison Volger

PROFILE

Harrison is a graduate environmental engineer who is looking to improve our environmental situation. Harrison is interested in increasing his knowledge on all environmental processes particularly in fields surrounding mine closure.

His previous experience includes design of bioretention systems for water sensitive urban design.

QUALIFICATIONS AND MEMBERSHIPS

Bachelor of Engineering (Environmental) (Honours) / Bachelor of Science, Griffith University, 2019

Member of Engineers Australia

CAREER

Graduate Environmental Engineer, SGM environmental, 2020-present
